TCOMM911 In-Building ERCES Rebroadcast Agreement

This Rebroadcast Agreement is between TCOMM911 and the Emergency Responder Communication Enhancement System (ERCES) Property Owner, listed below, and intended by the parties to be a consent agreement under [FCC 47 CFR § 90.219\(b\)\(1\)\(i\)](#).

A. Rebroadcasting for Commissioning and Optimization

Under no circumstances will rebroadcast of the Thurston County Emergency Radio Network (TCERN) be granted during commissioning and optimization activities for ERCES systems in Thurston County. Rebroadcast permission will only be granted per the information contained in section 6.B.

B. Rebroadcasting

Uplink validation with participation of TCOMM911 staff is required as part of new ERCES commissioning or following any service affecting signal levels. Any service affecting signal levels revokes permission to rebroadcast until a new uplink validation with TCOMM911 staff is performed. Once validation is successfully completed, as determined by TCOMM911, general permission to rebroadcast the TCERN system within the ERCES property identified above is granted to the ERCES Property Owner.

C. Interference

The ERCES Property Owner agrees to maintain their ERCES equipment in a state that does not cause harmful interference to the TCERN system. TCOMM911 will have sole discretion to determine whether the ERCES equipment is causing harmful interference and shall have the right to immediately revoke this agreement and the rebroadcast permission upon such a determination. Revocation may in writing, including by email, or verbally (in person or by telephone), to be followed up in writing. The ERCES Property Owner will immediately cease rebroadcasting of the TCERN system upon notice of revocation.

D. Access

The ERCES Property Owner agrees to provide TCOMM911 staff with access to the ERCES property and ERCES equipment 24 hours a day/7 days a week/365 days a year. In the event of access restrictions due to security, infections control, nondisclosure requirements, or other reasonable constraints, the parties may agree on alternative means of inspection and disabling of ERCES equipment, including but not limited to remote access or video conferencing.

E. Amendment

Except as to assignment in Section E above, all changes to this Agreement will be through written amendment signed by both parties. No oral statement or other conduct by either party shall change or modify the Agreement.

TCOMM911 In-Building ERCES Rebroadcast Agreement

F. Termination

Either party may terminate this agreement without cause upon providing the other party thirty (30) days' advance written notice of the termination.
